Docker (basic usage)

PROFILE

I was born in the late 20th century specifically 1999 😊. I have a passion for technology, which has led me to pursue a career in software development. I graduated from Ba Ria Vung Tau University with a degree in Information Technology Engineering. I enjoy working on teamworking projects and focus on my core tech skill. I also quite like working from home because it allows me to be flexible with my time.

WORK EXPERIENCE

BigIn JSC

2022 – Present
